# WEATHER VANES

## The Perfect Finishing Touch

Add a unique, personal touch to your home with an eye-catching copper weathervane. Good Directions weathervanes are heirloom quality and constructed to be a joy for generations.

Good Directions weathervanes are beautiful, functional and express the pride customers have in their home. They are easy to install with both video and print instructions.

### OUR WEATHERVANES COME IN 3 SIZES

**ESTATE** - ideal for a larger home, garage, cupola, or barn.  
Dimensions: 41"L x 32"H x 34"W

**STANDARD SIZE** - ideal for a home, garage, cupola, barn, or gazebo.  
Dimensions: 23"L x 20"H x 23"W

**COTTAGE SIZE** - ideal for smaller structures, sheds and gazebos.  
Dimensions: 21"L x 19"H x 16"W

### Materials and Finish

Good Directions Weathervanes are forged in copper and brass. The assembly rods are made of black powder-coated steel.

### Polished Copper

Copper will age naturally in the weather; first to a dark penny shade, then to the familiar matte green patina in 10-20 years. To preserve the shine of the original polished copper, apply Incralac Spray Lacquer (see page 11).

### Blue Verde Copper

A Good Directions exclusive! This custom finish is a patina achieved through an accelerated oxidation process and then hand-waxed to protect the finish.
